RECARO LIFESTYLE: SWIVEL CHAIRS

FROM THE CAR DIRECTLY TO YOUR HOUSE

They stand for unique comfort, perfect ergonomics and aesthetic design – the exclusive performance seats from premium manufacturer RECARO Automotive. With the RECARO swivel chairs we are bringing dynamism and sportive styling from the road directly into your home or to your workplace: Body-hugging contours. Extremely sporty appearance. Select materials. Top-quality manufacturing in every detail. Made with great craftsmanship. With a RECARO Lifestyle swivel chair made from a real car seat, you own something very special!

The RECARO lifestyle swivel chairs have all the attributes that define a high-quality desk chair. Shaped to replicate the human spine, the seat fits like a glove – and supports the body perfectly in its upright position. But, as you know, especially when sitting for hours at a desk every day, the next position you adopt is always the best. That's why we make movement at your workplace easy. With numerous setting options. With electric functions. With castors that glide easily across floors of different kinds. So that every sitting position is ergonomic and good for your back.

With its clear contours, a RECARO design chair wraps itself around your body like a second skin and holds you firm. In the car, in the living room, at work. Whether you look dynamically sportive in it, understated or smartly elegant is entirely up to you: choose your individual RECARO swivel chair from a multitude of attractive material and color combinations. A real executive chair!

Bring movement to sitting: high-quality castors in a chrome ring design enable our RECARO chairs to glide through space. So that you can operate dynamically on floor coverings of any kind.
