

RECARO

UNIQUE. ERGONOMIC. EXCLUSIVE.

RECARO Office Line chairs

RECARO OFFICE LINE

FROM CAR TO OFFICE

They stand for unique comfort, perfect ergonomics and aesthetic design – the exclusive performance seats from premium manufacturer RECARO Automotive Seating. With the RECARO Office Line we are bringing dynamism and sportive styling from the road directly into the workplace: Body-hugging contours. Extremely sporty appearance. Select materials.

Top-quality manufacturing in every detail. Made with great craftsmanship to guarantee the very special feeling of sitting in a RECARO seat.

RECARO Office Line products have all the attributes that define a high-quality office chair. Shaped to replicate the human spine, the seat fits like a glove – and supports the body perfectly in its upright position. But, as you know, especially when sitting for hours at a desk every day, the next position you adopt is always the best. That's why we make movement at your desk easy. With numerous setting options. With electric functions. With castors that glide easily across floors of different kinds. So that every sitting position is ergonomic and good for your back.

With its clear contours, the RECARO Office Line wraps itself around your body like a second skin and holds you firm. In the car and at your desk in the office. Whether you look dynamically sportive in it, understated or smartly elegant is entirely up to you: choose your individual RECARO Office Line from a multitude of attractive material and color combinations.

Bring movement to sitting: high-quality castors in a chrome ring design enable our RECARO Office Line to glide through space. So that you can operate dynamically on floor coverings of any kind.
